TARQUITET

ISSUE NO. 01 // 2026

THE ARCHITECT

> MULTIMEDIA ENGINEER

$ PRICELESS
EDITION: GLOBAL

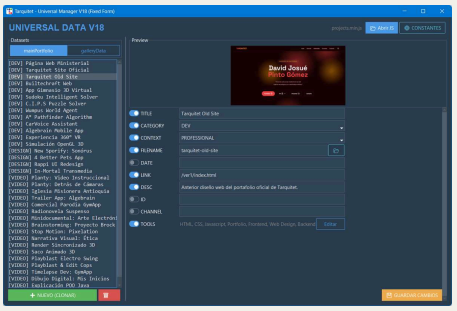

David Josué Pinto Gómez

PORTFOLIO DOCUMENT

CONFIDENTIAL

01 / DEVELOP CODER

<> PYTHON

LOCAL PORTFOLIO MANAGER

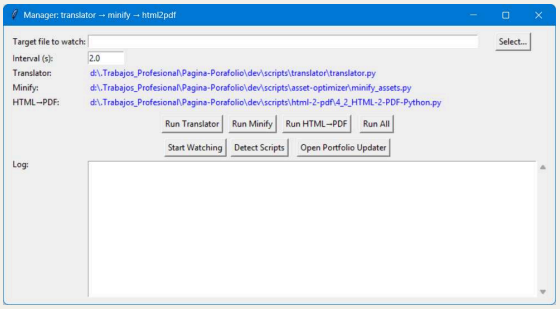

// Python / Script / Software / Comunitario

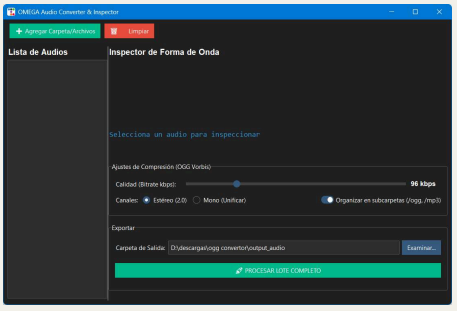

Python script that automates portfolio updating by synchronizing local assets and README entries; reduces manual work.

CONSTRUCTION AND MANAGEMENT ORCHESTRATOR

// Python / Script / Software / Comunitario

Orchestrate translation, minification and updating of the portfolio to speed up deployments and reduce manual steps.

OGG CONVERTER AND COMPRESSOR

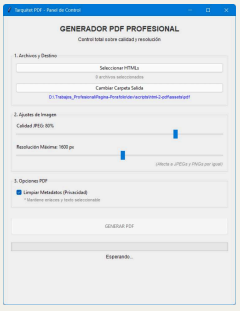

// Python / Script / Software / Comunitario

Batch convert and compress audio to OGG to save bandwidth and storage space.

HTML TO PDF CONVERTER

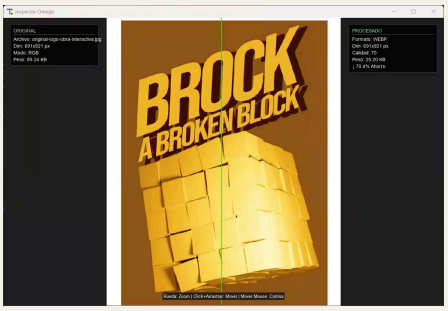

// Python / Script / Software / Comunitario

Python utility that converts HTML pages to high-quality PDFs using configurable templates.

01 / DEVELOP CODER (CONT.)

<> PYTHON

OFFLINE IMAGE COMPRESSOR

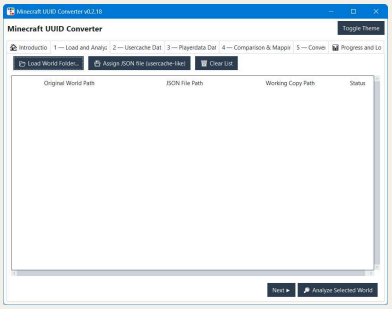

// Python / Script / Software / Comunitario

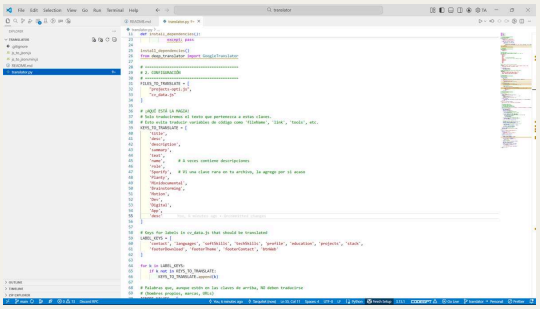

Desktop tool to batch optimize images, reducing sizes while maintaining visual quality.

MINECRAFT UUID CONVERTER

// Python / Script / Software / Comunitario

Utility in Python to resolve and manage player UUIDs in different authentication systems.

JSON AUTO-TRANSLATOR (I18N)

// Python / Script / Software / Comunitario

Automate the localization of plain text JSON files with batch processing and configurable translation backends.

ASSET OPTIMIZER (CSS/JS MINIFIER)

// Python / Script / Software / Comunitario

Minify and normalize CSS/JS to reduce package sizes and fix common minification issues.

HTML

01 / DEVELOP CODER (CONT.)
